

## Late Breaking Abstracts Guidelines

**Late Breaking Abstract Submission Site Open: April 29, 2021, 9:00 AM, PDT**

**Late Breaking Abstract Submission Deadline: June 1, 2021, 11:59 PM, PDT**

Late breaking abstracts demonstrate ongoing clinical or basic research that is new and of sufficient scientific importance to merit expedited presentation and publication. Key aspects of the research must have been conducted after March 31, 2021.

1. You can log off at any time and return to continue your abstract submission work any time prior to the submission deadline.
2. All abstracts must be completed by the submission deadline. Any abstract that has an “Incomplete” status will not be included in the review process nor included in the program for the meeting.
3. Verify that your abstract is correct and complete by clicking “Review My Work”. Please review your abstract submission to ensure the information is complete and accurate. **Once the submission site closes, no further edits will be allowed.**
4. If you give your ANA member username and password to another person, they will have access to edit all abstracts you have submitted for review/consideration.
5. All notifications are sent to the presenting author/primary contact.
6. **Word Limit = 400, which includes words in the abstract title and abstract body. Spaces are not included.**
7. If you use any special or unusual abbreviation in the abstract, place it in parentheses after the full word the first time it appears, then use the abbreviation throughout the remainder of the abstract.
8. When citing references, provide the name of the first author, the title of the book or the name of the journal, and the year in which it was published.
9. No illustrations, figures, images, tables, graphs are to be included.
10. Your abstract will be printed **exactly as it has been submitted**. Please make sure to review all content for grammar, spelling, etc.

Note: The title and author(s) of your abstract will appear **EXACTLY** as they are entered in the abstract submission form. Please double check punctuation and spelling before submitting.

The individual listed as the point of contact/primary author will receive all communication regarding whether the abstract has been accepted or declined via email.

If the abstract is accepted, the designated point of contact/primary author will need to:

1. Access the notification letter using the link provided in the “Abstract Submission Status” email.
2. Click on “Accept” or “Decline” at the bottom of the notification letter by the deadline listed in the notification.
3. Authors of accepted abstracts will be notified by July 2021. The email will originate from [oasis@support.ctimeetingtech.com](mailto:oasis@support.ctimeetingtech.com).

To check on the status of your abstract, accept your status, or print out your notification, you must login with your username and password.

## Additional Information

1. All presenters must register for the meeting and will be required to pay the Annual Meeting registration fee.
2. All accepted abstracts will be published in the Annals of Neurology, the official journal of the ANA.
3. Authors need not be members of the ANA, nor be sponsored by a member. All are welcome to submit abstracts. A limited number of late breaking abstracts are selected, with selection based on scientific merit, timeliness and anticipated interest.
4. The abstract submission deadline, June 1, 2021, 11:59 PM PDT, will remain firm and any abstracts received after the deadline will not be accepted.
5. Accepted late breaking abstracts will be included in the virtual poster hall.

### **Payment is determined by the submitter's ANA membership account status.**
